RE: Change Order to P.O. 4196

Dear Kurt:

Per your instructions this correspondence is provided as a change order to P.O. 4196. The reason for the change order is to cover the cost of services for updating the Wellhead Protection Area Delineation and Potential Contamination Source Inventory for the Cherry Tree, River Road, and Welcome Well Fields. This work is a change to the scope of work originally covered by the referenced P.O. and increases the P.O. by \$2500.00. The updated total for P.O. 4196 is now \$18,896.00. Let me know if you need any other information.

Sincerely,

Stephen J. Champa, LPG
Hydrogeologist
